

□ PERSPECTIVE IS EVERYTHING

Leaders in VDC, BIM, and 2d & 3d As-Builts

ZELUS is the leading provider of **Virtual Design and Construction (VDC), Building Information Modeling (BIM), and 2d and 3d digital documentation (as-builts) services.**

Our mission is to bring efficiency to the construction process by providing an accurate dimensional understanding of the physical world. We do this by integrating technology into the design and as-built process, enabling owners, architects, contractors, and engineers to **reduce cost and improve schedule performance.**
